CSS Basics

Exercises

1. Create a table as shown below. Use pseudo-class selectors to highlight the odd rows.

| Country	OrderID	Order Amount
USA	1000	$1,300
USA	1001	$700
CA	1002	$2,000
CA	1003	$1,000
Total		$5,000

- Background color of the heading cells: **`#427fef`**
- Background color of odd rows: **`#eef7ff`**
- Border color: **`#c4dcf3`**

2. Create a box as shown below.

- Dimension: 300px x 300px
- Background color: **tomato**
- Shadow color: **lightgrey**
